

K-Love is a national Christian broadcasting station that airs in Kansas City, Missouri. I listen to it every day, even though the reception is not so great here at my house. There is a local Christian station that has better reception, but I don't listen to it because K-Love is much more impacting for me. The songs are powerful, moving, encouraging, uplifting, and I can feel God's power and strength and love touching me and ministering to me when I listen. The DJ's are compassionate people who really do care about their listeners. The entire staff, from the five full-time pastors, right down to the volunteers answering the phones, care about the Lord and His people and spreading His Word and ministering to people who need it. Every year thousands of people's lives are transformed just by listening to this radio station. Every day, K-Love plays recordings of people calling the station just to praise the Lord for K-Love and to share stories about how their lives have been touched by the ministry of K-Love. If K-Love was taken away from us and replaced by an LPFM broadcaster providing some other programming, the effect on my community would be devastating. I, along with many others, would be crushed. I listen to K-Love in the morning on my way to work and allow the music and the Scripture verses and encouraging prayers to help shape my mind and prepare me for the day. I know I'm not the only one. K-Love is listener supported. They don't have commercials to pay their bills. They depend on their listeners. And their listeners don't disappoint. K-Love is alive and well in Kansas City because Kansas City wants it to be here. The service provided by K-Love is in the public interest because K-Love is all about Jesus! K-Love is all about spreading the Good News of Jesus Christ's love! K-Love is all about helping people, ministering to people, praying for people, encouraging people. It's the only radio station I need. It's the only radio station I want. Please don't take it away from me.
